

Grove Music Online

The definitive source for music scholarship

Grove Music Online, available on the Oxford Music Online Platform, is the leading resource for music research. This comprehensive resource draws from the full texts of *The New Grove Dictionary of Music and Musicians* (2 ed.), *The New Grove Dictionary of Opera*, and *The New Grove Dictionary of Jazz* (2 ed.), and includes new and updated articles and bibliographies exclusively available online. Featuring over 60,000 articles from Bach to Beyoncé, *Grove Music Online* is the go-to resource for students and scholars alike.

THE RESOURCE

- *Grove Music Online* is a living resource, with scholars and specialists from around the world continually reviewing and updating existing content, and contributing new articles
- In addition to the vast number of articles, *Grove Music Online* also features a host of learning resources, including timelines and subject guides that organise content for use in the classroom
- Many of the most-recent additions to *Grove Music Online* come from two new print publications, *The Grove Dictionary of American Music* (2 ed.) and *The Grove Dictionary of Musical Instruments* (2 ed.)

In 2017, the site was updated with a new, modern look and feel which includes:

- A responsive design, enabling seamless access across different formats
- Searching using a query builder, helping users get straight to the content they need
- Expanded and redesigned taxonomy that better reflects needs of current scholarship and the dictionaries' global scope
- Social media integration, so users can share content across channels
- Searching across multimedia, as well as articles, making it easier to find different types of content
